Shrimat from the God of Gita for the present delicate times

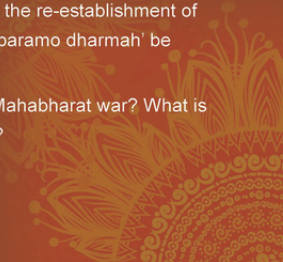

India used to be called the land of deities, and women were accorded great respect here. However, in the same country today, thousands of cases of sexual assault are occurring every day. The lives of millions of women have been ruined and they cannot find any support. These aggrieved and helpless 'Draupadis' are calling out to the God of the Gita, saying that they cannot take it any more, and pleading with Him to put an end to immorality and make India the land of deities once again.

In the Gita, God has said, 'It is lust, it is anger...'. Today the whole country is burning in the fire of anger, which is the seed of violence. In the Gita, God has counselled us to recognise vices such as lust and anger as our enemies and destroy them. Depicting the battle against vices in the human mind as a violent war has obscured the Gita's true message of 'ahimsa paramodharmah'.

In the present delicate times, we cordially invite thoughtful citizens, especially Gita scholars, seers and thinkers, to take part in the Bhagavadgita Mahasammelan and contribute to God's task of making India the land of deities once again.

With best wishes
Godly messengers
Brahma Kumaris

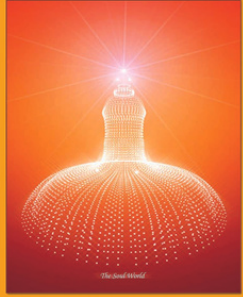

Key points of the conference

- Immorality and anger are the two root causes of the degradation of society. What is the advice of the God of the Gita for checking increasing immorality and violent tendencies?
 - Which was the original yoga taught by the God of the Gita for attaining victory over vices?
 - Only Incorporeal God Shiva is worshipped as 'Parmatmane namah'. By what divine method does the incorporeal, 'ajnama' Shiva incarnate Himself in a corporeal medium to give His teachings?
 - God says in the Gita, 'Prajapita Brahma held the gyan yagya at the beginning of the kalpa, from which deities were born'. Did Brahma create deities or God did it through Brahma?
 - Non-violence was the foundation of the re-establishment of a divine society by God. Can 'ahimsa paramo dharmah' be established through a violent war?
 - What is the truth about the violent Mahabharat war? What is the delicate time of God's incarnation?
